## WELCOME TO NEW LIFE ASSEMBLY...

We want to thank you for being with us today. There are a lot of other things you could be doing at this moment but you decided to be with us. We think that's great. If you are looking for a place to make new friends and support one another in your journey, then please know that we have already made space for you.

There are some things about us that you should know: first, we are different than most churches in the valley. Not better, just different. We put a lot of emphasis on *community* and *hospitality*. We build *community* because healthy relationship is God's design for the world. We try to be *hospitable* because it reflects the image of God in our world. He is the great host and we are his guests. We are just trying to mirror that reality.

We are also the same—or different—depending on your church experience, in how we worship in song, cultivate small ministry groups, share leadership roles, pray in faith and believe that reflecting Christ at school or in farming is as important as anything the pastor does on Sunday AM. There is, of course, much more about us that we could share, but we can do that together in time. May you be refreshed by the community here as we pray with and support you in finding Jesus Christ in the midst of your journey.

Peace in Christ,  
Pastor Kevin
